Child Development Practitioner Question

Written by Georgina Trades Training Inc. June 03, 2013

Hi Kosborn Thank you for your interest in our Child Development Practitioner Program. Unfortunately this program has finished. The current Pre-Apprenticeship program that we are running is the Arborist Pre-Apprenticeship Program which is almost complete as well. If you would like to know more about other training programs that we have available, or to see if one of the other programs may be more suitable for you, please give us a call. GTTI
